Sean Vilbert, Director Digital Archives, Paramount Pictures

BIOGRAPHY

Sean Vilbert is Dir. Digital Archives for Paramount Pictures. In a newly formed role, Sean is responsible for setting digital archive policy and implementing strategic long term solutions which support digital preservation and workflows.

Previously, Mr. Vilbert spent a year working as a consultant for Strategic Vision Consulting with focus on Digital Asset Management.

Prior to Strategic Vision Consulting, Mr. Vilbert worked for 10 years within Accenture's Financial Services consulting practice as a systems engineer focused on custom development, packaged software selection and systems implementation projects.
