Suman Grandhi, Director of Professional Services, StorageDNA

BIOGRAPHY

Suman Grandhi is the Director of Professional Services for StorageDNA. He graduated from Carnegie Mellon University with a BS and MS in Computer Science. Before StorageDNA, Suman worked for Xerox Global Services developing business process automation solutions for Fortune 500 companies in health care, energy, banking, and the media/entertainment sectors. Forming StorageDNA with colleague Tridib Chakravarty (CEO), Suman was instrumental in developing a scalable web services platform for DNASync and DNAEvolution. His knowledge in automating and streamlining workflows combined with StorageDNA's deep experience in IT allows the company to bring new ideas and concepts to media workflows.
