

# 2018 *Creative* STORAGE<sup>SM</sup> CONFERENCE

June 7th 2018 at the DoubleTree Hotel, Culver City, California

AN ENTERTAINMENT STORAGE ALLIANCE™ EVENT

**Denis Leconte, Vice President, Technology, Iron Mountain Entertainment Services**

## **BIOGRAPHY**

Denis Leconte has over 25 years' experience working for Iron Mountain, NASA, Disney, Sony, and several post production facilities, designing and deploying database and media handling systems and large scale, high-performance computing and storage architectures. He has over 15 years experience in post production and digital media and data lifecycle management. At Iron Mountain Entertainment Services, he oversees all technology issues over several facilities that cover North America and Europe, as well as many special projects dealing with media and data preservation and restoration. Denis has won an Academy Award for Scientific and Engineering achievement in the field of film preservation.
